

# ON THE FENCE

Hiroki Baba + Wren McNally + Kate Reef  
+ Graham Golbuff + Matt Kikosicki

Bolstering the thriving music scene provided by the Neptune Theater and Music Co., On The Fence moves the performance venue to the streets. A chain link fence surrounding the future site of the U District light rail station provides a flexible armature to support musical instruments constructed with salvaged objects. In utilizing the ubiquitous chain link fence the installation brings to light the endless possibilities to enliven compromised spaces in cities throughout the world.

Bottle instruments integrated into the fence
